

Our Dream

- To maintain our position and image in the Qatar market as the leading fencing club, our objective is to continue developing a sustainable pool of talent for various national teams worldwide. Additionally, we aim to sustain our expansion into Archery and Fencing programs in schools and universities, and continue offering holiday camps.
- To develop new ways of practicing fencing, explore innovative forms of the sport, and integrate new technologies to create more modern, engaging and accessible fencing experiences.

Our Values :

Let's **FENCE**

Fortitude

Nurturing

Excellence

Confidence

Equality

Our Mission

- To establish a fencing academy accessible to all, affiliated with National Fencing Federations, which will oversee training and high-level competition,
- To refine and develop Fency Arena, a new form of free fencing that offers a more dynamic, creative and accessible way of practicing the sport.
- To implement various development programs in schools focused on high-quality instruction and enhancing educational curricula
- To forge reliable and credible partnerships with a reputable educational institutions for sustained long-term collaboration

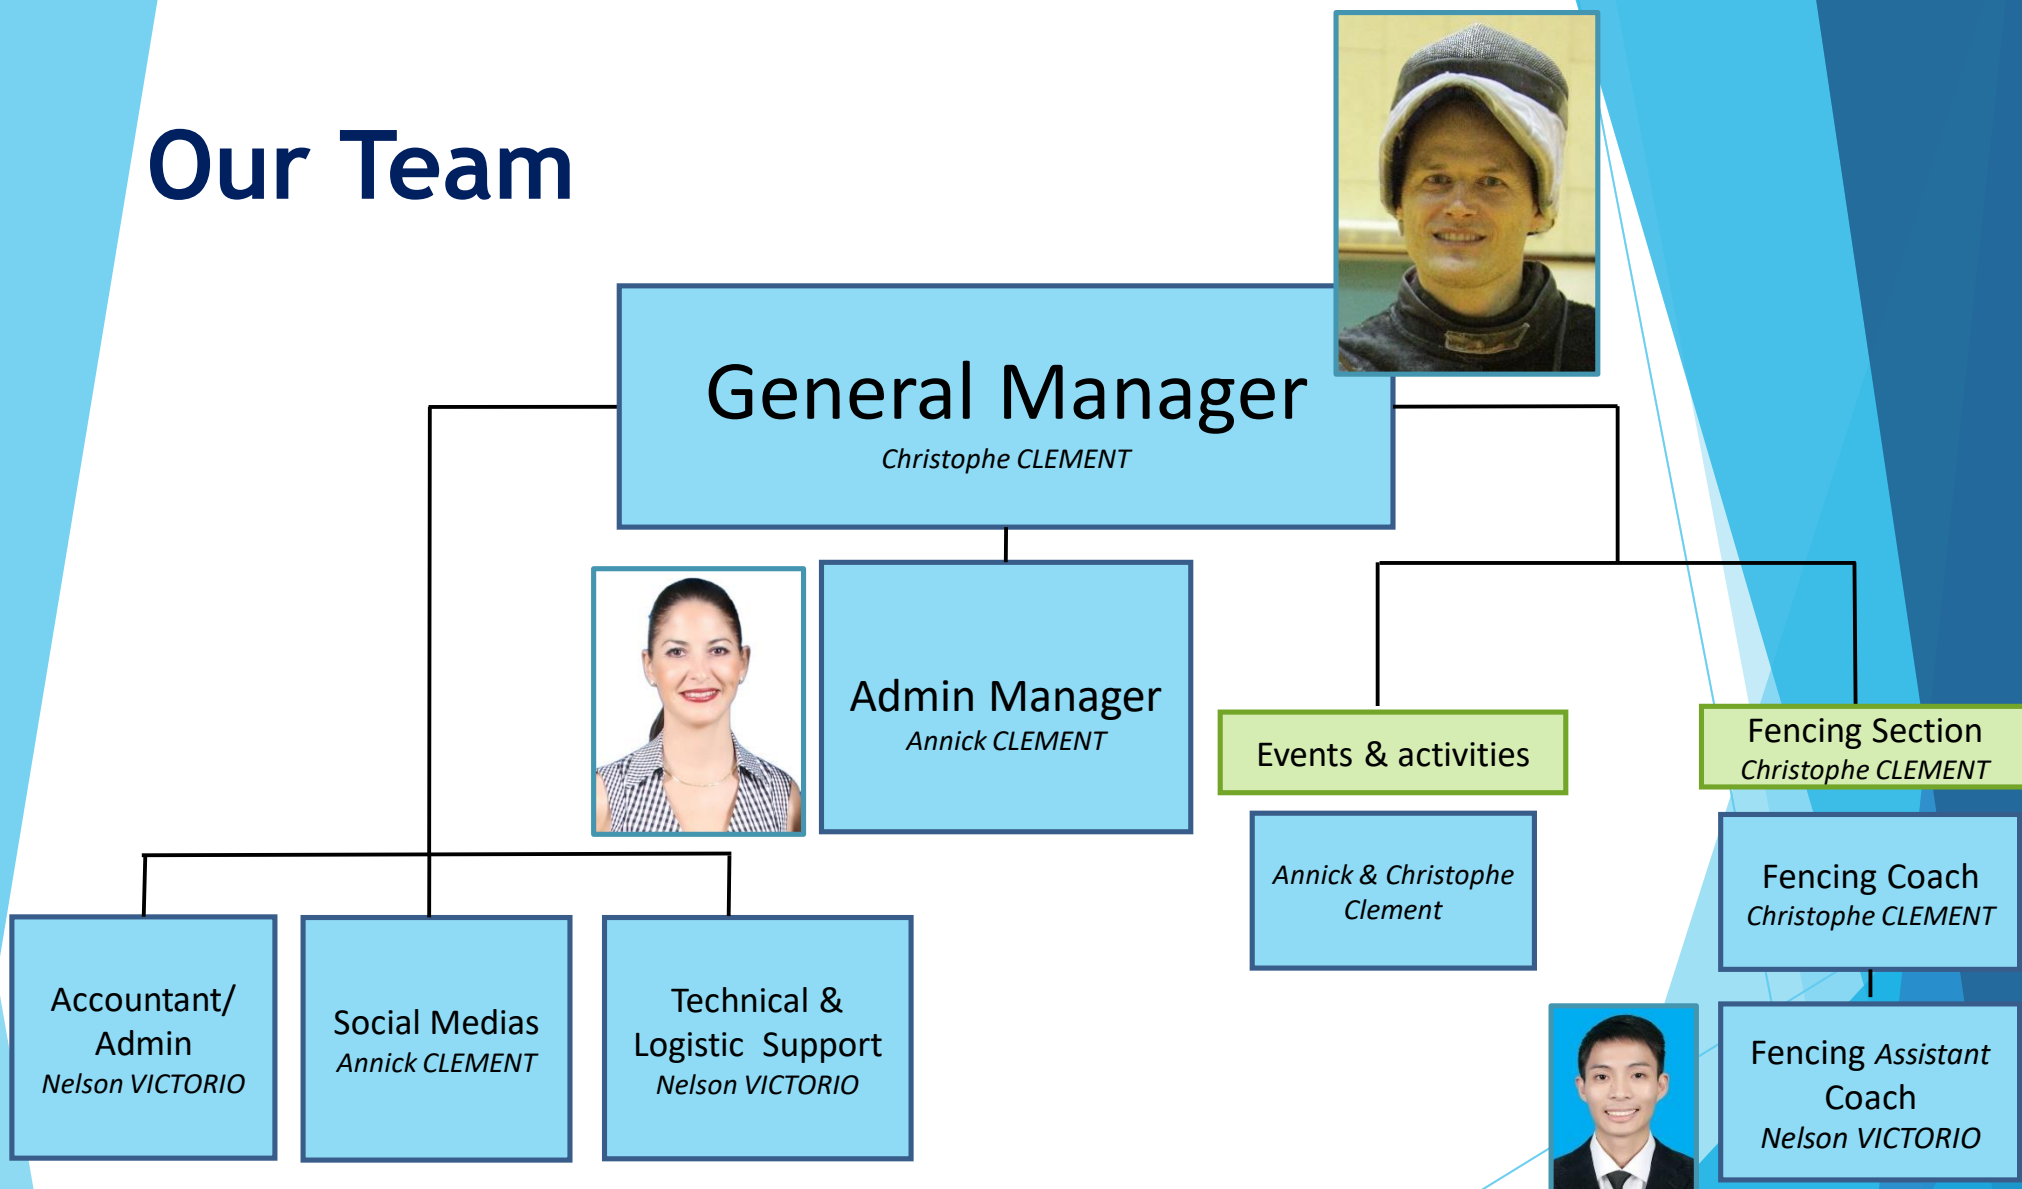

Our Success

- A prominent fencing academy in Qatar, affiliated with both the Qatar Fencing Federation and the French Fencing Federation,
- Partner with 9 schools, 2 universities, several companies,
- About 1 000 students per year,
- 11 trained PE teachers for fencing programs,
- 10 international fencing athletes, 4 will participate in the next World Championship.
- The creation and full operation of an Archery box in the LWW Park

Our Strategy

- Promoting awareness of the sport through highly structured educational fencing programs accessible to all,
- Implementing both recreational and competitive fencing programs,
- Fostering both athletic and personal development and recognizing them through a certification program,
- Organizing our own fencing competitions with rigorous specifications,
- Creating, supplying, and customizing an elite section.
